Hi [redacted]

Just wanted to let you know there is [redacted] program being formulated for UAV. I'll reach out via [redacted] and cc you on the contact. [redacted] went to [redacted] yesterday to look at possible areas for collaboration. The Program Manager is [redacted]

They're getting ready to put out a solicitation and want to include us if at all possible. Not sure if this makes sense. Can you give me a call when you get a chance? Most of this is classified so I'll send [redacted]

RECORD: 321D-IR-A7788

This communication contains a proposed response to concerns expressed in an EC dated 03/25/2011 to 319O-HQ-A1561245-DO concerning compliance with Federal Aviation Regulations by FBI unmanned aerial systems.

----------tear line----------

The FBI has maintained 100% compliance with Federal Aviation Regulations concerning the operation of unmanned aerial systems ("UAS"). The Field Flight Operations Unit ("FFOU") within Surveillance and Aviation Section ("SAS") and Video Surveillance Unit ("VSU") within Operational Technology Division ("OTD") continue to partner to ensure compliance and effectiveness. During January, 2011, SSA [redacted] from FFOU, a current pilot in command [redacted] [redacted] SSA [redacted]

Presenters,

CREW-4817

If you have any handouts or anything you want them to have, that's fine. You can ask [redacted] to help you with copies, etc. I know most of our info is on our website and we can emphasize that to them but if you want to give CD's or anything else that's up to you and send a copy to [redacted] for their kit.

I will spend the first few minutes with introductions and then I want to split the group up in half so you'll do your spiel twice. I don't think they'd oppose getting done earlier but that will also give you some extra time to cover your information. Since the bulk of the training will be with [redacted] (45 min) and [redacted] (15 min), combined they will take an hour or so with each group. [redacted] will split the other hour with the other group and then we'll flip flop. b6 b7C b7E

If there's a problem with this schedule, let me know. We can always adjust it if you need more time

Presenters please prepare your own handouts (25). We will collect your presentations and put them on a thumb drive. We are also collecting all of the instructions/cheat sheets for the individual pieces of equipment. After the class we will put the material on a CD and send it to the attendees, TTAs and Hybrid squad SSAs

Please pass this on to anyone we may have missed.

Thanks [redacted] b6 b7C

All,

Coming up next week is the OTD [redacted] training initiative in conjunction with CID. Attached is Final Agenda as reviewed and approved by TOCU who is leading the charge in providing support and addressing this high priority project. b6 b7C b7E

The Draft Agenda which was circulated at the [redacted] conference in [redacted]

[redacted] has been working back channels to get rooms reserved and touching base with each of the identified Units and SME's.

CREW-4818

Please check the agenda and let me know if there are any last minute issues or questions.

Specific follow-up: RSDU - SSA [redacted] advised that [redacted] was a topic of interest. UC [redacted] - is there a specific POC that can provide a briefing or has been identified for this initiative?

TRU - SSA [redacted] advised that time will be split from the initial allocated MPU 2 hour allocation, and that TRU will get 1 hour to showcase its capabilities and provide an [redacted] UC [redacted] can you confirm and advise who is the POC?

MPU - A/UC [redacted] - is there a specific POC for the walkthrough and briefings?

TICTU - UC [redacted] - I have been advised that TICTU specific classes and demos will be held in the [redacted] - can you confirm?

CART - UC [redacted] has advised that there is a conflict with another class and that he will not be able to present. Do you have someone else that can present about 1/2 hour on the CART [redacted] and about 1/2 an hour on [redacted] present)?

b6
b7C
b7E

If I have left anyone off of the TO of CC lines - please forward.

I have been told by UC [redacted] and SSA [redacted] that this is a significant priority for the division and that we will not fail in providing this training. As such, I wish to extend a sincere appreciation in advance for making yourself available and supporting this initiative.

Thanks,

RE: Airworthiness Statement for UAS COA

Dear [redacted]

The U.S. Department of Justice-Federal Bureau of Investigation is seeking approvals under the authority of the Certificate of Authorization (COA) application process to operate [redacted]

As the federal law enforcement agency, we operate a manned aviation section that has established policies and criteria for safety of flight airworthiness standards in the maintenance and operation of [redacted] We have evaluated [redacted] utilizing our established policies and our tailored UAS airworthiness certification criteria and found each to be airworthy for our intended and approved operations. The attached Statement of Airworthiness provides specific detail to our agency policies and criteria for this evaluation of our UAS airworthiness standards.

b6
b7C
b7E

Please accept this Airworthiness Statement in support of our UAS COA applications. If you have any questions or concerns please contact our UAS COA processor, [redacted] or the UAS Program Manager, [redacted]

Sincerely,

Marcus Thomas
Assistant Director

Encl

Title: Unmanned Aerial Systems;
Field Flight Operations Unit;
Bureau Aircraft Operations

Synopsis: Request for candidates to attend [redacted]

Details: The Video Surveillance Unit (VSU) Unmanned Aerial Vehicle's (UAV) team is currently composed of [redacted] UAV pilots from VSU and [redacted] UAV Pilot from [redacted] Due to the recent increase in UAV [redacted]

b7E

Currently, VSU has [redacted] active Certificates of Waiver or Authorization (COA) with several more awaiting final approval from the Federal Aviation Administration (FAA), and several more awaiting final approval for submission to the FAA. Once approved, these COAs will require the current UAV team to travel to these locations to provide UAV support to the requesting Field Offices. Since the current team is composed of [redacted] members, an additional [redacted] members will be required to effectively service these requests.

Title: Schedules and Appointments
Unmanned Aerial Vehicle
[redacted] b6 b7C

Synopsis: Provide information on Unmanned Aerial Vehicle (UAV) [redacted] Programs for Fiscal Year (FY) 2011.

Reference: 321D-IR-A7788 Serial Number 41

Details: During FY 2011, the UAV Program consisted of [redacted] full-time and [redacted] part-time personnel. [redacted] consisted of [redacted] with regards to operating procedures, requests for service procedures and training. These operating and training procedures and guidelines were established in accordance with the electronic communication (EC) dated 11/10/2010, titled Unmanned Aerial Vehicle [redacted] (referenced above). This EC was b7E drafted and approved based on observations and lessons learned from previous UAV [redacted] operations and a desire to implement a UAV [redacted] Program within OTD which was not only successful but followed investigative guidelines, both legal and operational. The EC also addressed training and [redacted] [redacted] requirements not met in previous UAV [redacted] operations. In addition, the EC established a request process from Field Offices for UAV [redacted] services and guidance on [redacted] within the [redacted] and throughout the United States.

As a result, the following Goals and Objectives were established and met for FY 2011.

Goals and Objectives:

Goal: Establish an UAV Team to operate effectively in the NAS in support of Field Office investigations across the United States and the FBI's ten (10) Priorities. This is accomplished by

[redacted] b3 b7E

Objectives:

Objective 1. Develop an UAV Program approved to operate in the [redacted] b3 b7E

Objective 2. Develop and establish training and certification requirements for members of the UAV team. This objective includes, at a minimum, [redacted]

Objective 3. Develop and establish a request process from Field Offices across the country and support these requests for UAV services.

Objective 4. Develop and establish [redacted] b3 b7E
UAVs.

Objective 5. [redacted]

UAV

The UAV Program was transferred from the Technical Response Unit (TRU), to the VSU and was allotted a Targeted Staffing Level (TSL) of [redacted] full-time personnel. At the time of this allotment, and based on previous operational scenarios and experiences, it became apparent that rules, procedures, b7E

Title: Unmanned Aerial Vehicle
[redacted]

Synopsis: Request for authorization to attend [redacted] b7E

Enclosure(s): Syllabus, Curriculum, Lesson Plan, and related training schedule for [redacted] b7E

Details: Since the acquisition of UAVs within OTDs Technical Response Unit (TRU) several years ago, OTD was faced with challenges in operating UAVs in the National Airspace System (NAS) and a program as a whole. As a result, a determination was made by OTD upper management in mid 2010, to transfer the UAVs and personnel from TRU to Video Surveillance Unit (VSU) and create a UAV Program within VSU of OTD. As such, this program is now fully operational and has submitted additional Certificate of Waiver or Authorization (COA) to the Federal Aviation Administration (FAA) in support of Field Offices across the country utilizing UAVs.
